

Course SLOs aligned with Program SLOs

San Mateo CCCD

CAN Institutional SLOs

Select, evaluate, and use information to investigate a point of view, support a conclusion, or engage in problem solving.

CAN Dept - Anthropology

CAN ANTH 110 - Cultural Anthropology

Course Outcomes:

- * ethnocentrism - Identify the important concept of ethnocentrism. (Created By CAN Dept - Anthropology)
- * holism - Describe holism from the perspective of an anthropologist. (Created By CAN Dept - Anthropology)
- * kinship systems - Recognize diversity of human culture through being able to identify differences and similarities in kinship systems (Created By CAN Dept - Anthropology)

CAN ANTH 125 - Physical Anthropology

Course Outcomes:

- * concept of race - Identify the concept of race as defined by the American Anthropological Association. (Created By CAN Dept - Anthropology)
- * micro and macro evolution - Explain the importance of micro and macro evolution to physical anthropologists. (Created By CAN Dept - Anthropology)
- * origin of humans - Compare and contrast the models that explain the origins of the human species. (Created By CAN Dept - Anthropology)
- * SLO 1 General Principles - Apply general principles of biology as it relates to physical anthropology. (Created By CAN Dept - Anthropology)

CAN ANTH 126 - Physical Anthro. Laboratory

Course Outcomes:

- * human evolution - Classify humans by their evolutionary origins. (Created By CAN Dept - Anthropology)
- * Identify bones - SLO 1: Identify bones of the human skeleton. (Created By CAN Dept - Anthropology)
- * primate behavior - Compare and contrast behavior of a primate in their natural habitat and in the zoo. (Created By CAN Dept - Anthropology)

- * taxonomy of primates - SLO2-Classify primates and humans in a taxonomic relationship. (Created By CAN Dept - Anthropology)

CAN ANTH 200 - Ethnographic Film

Course Outcomes:

- * film as tool - Evaluate the use of ethnographic film as an anthropological tool. (Created By CAN Dept - Anthropology)
- * impact on studied culture - Assess the impact of ethnographic film on the culture being filmed. (Created By CAN Dept - Anthropology)
- * use film info to reveal culture - Synthesize information from ethnographic films to understand cultures and social relationships. (Created By CAN Dept - Anthropology)

CAN ANTH 351 - Introduction to Archeology and World Prehistory

Course Outcomes:

- * archeology theories - Explain the archaeological theories, such as the concept of provenience, used to investigate archaeological sites. (Created By CAN Dept - Anthropology)
- * excavation method - Describe appropriate archaeological methods of excavation that are used to investigate archaeological sites. (Created By CAN Dept - Anthropology)
- * site formation - Explain archaeological theories that deal with site formation processes. (Created By CAN Dept - Anthropology)

CAN ANTH 352 - Field Experience in Achaeology

Course Outcomes:

- * catalog artifacts - Demonstrate an understanding of how to catalog an artifact. (Created By CAN Dept - Anthropology)
- * excavation - Demonstrate how to excavate a level. (Created By CAN Dept - Anthropology)

* importance of context - Explain why context is important.

(Created By CAN Dept - Anthropology)

CAN ANTH 380 - Preparation for Travel Study in Anthropology

Course Outcomes:

* cultural elements - Identify key cultural elements of the culture discussed.

(Created By CAN Dept - Anthropology)

* cultural history - Understand a basic history of the culture discussed.

(Created By CAN Dept - Anthropology)

CAN ANTH 381 - Travel Study in ANthropology

Course Outcomes:

* cultural comparison - Apply the comparative approach to a different culture than their own.

(Created By CAN Dept - Anthropology)

* ethnocentrism - Identify how their ethnocentrism is challenged.

(Created By CAN Dept - Anthropology)

CAN ANTH 670 - Cooperative Educ./Work Exp.

Course Outcomes:

* anthropology skills - Demonstrate a skill that an Anthropologist would use in their work.

(Created By CAN Dept - Anthropology)

* paths to anthropologist - Describe paths that students can take to become an Anthropologist.

(Created By CAN Dept - Anthropology)

Produce, combine, or synthesize ideas in creative ways within or across disciplines.

No Course Outcomes related to this ISLO.

Use language to effectively convey an idea or a set of facts, including the accurate use of source material and evidence according to institutional and discipline standards.

CAN Dept - Anthropology

CAN ANTH 110 - Cultural Anthropology

Course Outcomes:

* ethnocentrism - Identify the important concept of ethnocentrism. (Created By CAN Dept - Anthropology)

* holism - Describe holism from the perspective of an anthropologist. (Created By CAN Dept - Anthropology)

* kinship systems - Recognize diversity of human culture through being able to identify differences and similarities in kinship systems (Created By CAN Dept - Anthropology)

CAN ANTH 125 - Physical Anthropology

Course Outcomes:

* concept of race - Identify the concept of race as defined by the American Anthropological Association.

(Created By CAN Dept - Anthropology)

* micro and macro evolution - Explain the importance of micro and macro evolution to physical anthropologists.

(Created By CAN Dept - Anthropology)

* origin of humans - Compare and contrast the models that explain the origins of the human species.

(Created By CAN Dept - Anthropology)

* SLO 1 General Principles - Apply general principles of biology as it relates to physical anthropology. (Created By CAN Dept - Anthropology)

CAN ANTH 126 - Physical Anthro. Laboratory

Course Outcomes:

* human evolution - Classify humans by their evolutionary origins.

(Created By CAN Dept - Anthropology)

* Identify bones - SLO 1: Identify bones of the human skeleton. (Created By CAN Dept - Anthropology)

* primate behavior - Compare and contrast behavior of a primate in their natural habitat and in the zoo.

(Created By CAN Dept - Anthropology)

- * taxonomy of primates - SLO2-Classify primates and humans in a taxonomic relationship.
(Created By CAN Dept - Anthropology)

CAN ANTH 200 - Ethnographic Film

Course Outcomes:

- * film as tool - Evaluate the use of ethnographic film as an anthropological tool.
(Created By CAN Dept - Anthropology)
- * impact on studied culture - Assess the impact of ethnographic film on the culture being filmed. (Created By CAN Dept - Anthropology)
- * use film info to reveal culture - Synthesize information from ethnographic films to understand cultures and social relationships.
(Created By CAN Dept - Anthropology)

CAN ANTH 351 - Introduction to Archeology and World Prehistory

Course Outcomes:

- * archeology theories - Explain the archaeological theories, such as the concept of provenience, used to investigate archaeological sites.

(Created By CAN Dept - Anthropology)
- * excavation method - Describe appropriate archaeological methods of excavation that are used to investigate archaeological sites.
(Created By CAN Dept - Anthropology)
- * site formation - Explain archaeological theories that deal with site formation processes. (Created By CAN Dept - Anthropology)

CAN ANTH 352 - Field Experience in Achaeology

Course Outcomes:

- * catalog artifacts - Demonstrate an understanding of how to catalog an artifact. (Created By CAN Dept - Anthropology)
- * excavation - Demonstrate how to excavate a level. (Created By CAN Dept - Anthropology)
- * importance of context - Explain why context is important.

(Created By CAN Dept - Anthropology)

CAN ANTH 380 - Preparation for Travel Study in Anthropology

Course Outcomes:

- * cultural elements - Identify key cultural elements of the culture discussed.
(Created By CAN Dept - Anthropology)
- * cultural history - Understand a basic history of the culture discussed.
(Created By CAN Dept - Anthropology)

CAN ANTH 381 - Travel Study in ANthropology

Course Outcomes:

- * cultural comparison - Apply the comparative approach to a different culture than their own.
(Created By CAN Dept - Anthropology)
- * culture and globalization - Explain how the culture has changed in recent years due to globalization.
(Created By CAN Dept - Anthropology)
- * ethnocentrism - Identify how their ethnocentrism is challenged.
(Created By CAN Dept - Anthropology)

CAN ANTH 670 - Cooperative Educ./Work Exp.

Course Outcomes:

- * anthropology skills - Demonstrate a skill that an Anthropologist would use in their work.
(Created By CAN Dept - Anthropology)

Understand and interpret various points of view that emerge from a diverse world of peoples and cultures.

CAN Dept - Anthropology

CAN ANTH 110 - Cultural Anthropology

Course Outcomes:

- * ethnocentrism - Identify the important concept of ethnocentrism. (Created By CAN Dept - Anthropology)
- * holism - Describe holism from the perspective of an anthropologist. (Created By CAN Dept - Anthropology)
- * kinship systems - Recognize diversity of human culture through being able to identify differences and similarities in kinship systems (Created By CAN Dept - Anthropology)

CAN ANTH 125 - Physical Anthropology

Course Outcomes:

- * concept of race - Identify the concept of race as defined by the American Anthropological Association.
(Created By CAN Dept - Anthropology)
- * micro and macro evolution - Explain the importance of micro and macro evolution to physical anthropologists.
(Created By CAN Dept - Anthropology)
- * SLO 1 General Principles - Apply general principles of biology as it relates to physical anthropology. (Created By CAN Dept - Anthropology)

CAN ANTH 126 - Physical Anthro. Laboratory

Course Outcomes:

- * human evolution - Classify humans by their evolutionary origins.
(Created By CAN Dept - Anthropology)
- * primate behavior - Compare and contrast behavior of a primate in their natural habitat and in the zoo.

(Created By CAN Dept - Anthropology)

CAN ANTH 200 - Ethnographic Film

Course Outcomes:

- * film as tool - Evaluate the use of ethnographic film as an anthropological tool.
(Created By CAN Dept - Anthropology)
- * impact on studied culture - Assess the impact of ethnographic film on the culture being filmed. (Created By CAN Dept - Anthropology)
- * use film info to reveal culture - Synthesize information from ethnographic films to understand cultures and social relationships.
(Created By CAN Dept - Anthropology)

CAN ANTH 351 - Introduction to Archeology and World Prehistory

Course Outcomes:

- * archeology theories - Explain the archaeological theories, such as the concept of provenience, used to investigate archaeological sites.

(Created By CAN Dept - Anthropology)

- * site formation - Explain archaeological theories that deal with site formation processes. (Created By CAN Dept - Anthropology)

CAN ANTH 380 - Preparation for Travel Study in Anthropology

Course Outcomes:

- * cultural elements - Identify key cultural elements of the culture discussed.
(Created By CAN Dept - Anthropology)
- * cultural history - Understand a basic history of the culture discussed.
(Created By CAN Dept - Anthropology)

CAN ANTH 381 - Travel Study in ANthropology

Course Outcomes:

- * cultural comparison - Apply the comparative approach to a different culture than their own.
(Created By CAN Dept - Anthropology)
- * culture and globalization - Explain how the culture has changed in recent years due to globalization.
(Created By CAN Dept - Anthropology)
- * ethnocentrism - Identify how their ethnocentrism is challenged.
(Created By CAN Dept - Anthropology)

CAN ANTH 670 - Cooperative Educ./Work Exp.

Course Outcomes:

- * Anthropology careers - Understand the variety of careers that are available for Anthropology majors. (Created By CAN Dept - Anthropology)
- * anthropology skills - Demonstrate a skill that an Anthropologist would use in their work.
(Created By CAN Dept - Anthropology)
- * paths to anthropologist - Describe paths that students can take to become an Anthropologist.
(Created By CAN Dept - Anthropology)

Represent complex data in various mathematical forms (e.g., equations, graphs, diagrams, tables, and words) and analyze these data to draw appropriate conclusions.

CAN Dept - Anthropology

CAN ANTH 110 - Cultural Anthropology

Course Outcomes:

- * ethnocentrism - Identify the important concept of ethnocentrism. (Created By CAN Dept - Anthropology)

* holism - Describe holism from the perspective of an anthropologist. (Created By CAN Dept - Anthropology)

* kinship systems - Recognize diversity of human culture through being able to identify differences and similarities in kinship systems (Created By CAN Dept - Anthropology)

CAN ANTH 125 - Physical Anthropology

Course Outcomes:

* concept of race - Identify the concept of race as defined by the American Anthropological Association.
(Created By CAN Dept - Anthropology)

* micro and macro evolution - Explain the importance of micro and macro evolution to physical anthropologists.
(Created By CAN Dept - Anthropology)

* origin of humans - Compare and contrast the models that explain the origins of the human species.

(Created By CAN Dept - Anthropology)

* SLO 1 General Principles - Apply general principles of biology as it relates to physical anthropology. (Created By CAN Dept - Anthropology)

CAN ANTH 126 - Physical Anthro. Laboratory

Course Outcomes:

* human evolution - Classify humans by their evolutionary origins.
(Created By CAN Dept - Anthropology)

* Identify bones - SLO 1: Identify bones of the human skeleton. (Created By CAN Dept - Anthropology)

* primate behavior - Compare and contrast behavior of a primate in their natural habitat and in the zoo.

(Created By CAN Dept - Anthropology)

CAN ANTH 200 - Ethnographic Film

Course Outcomes:

* use film info to reveal culture - Synthesize information from ethnographic films to understand cultures and social relationships.
(Created By CAN Dept - Anthropology)

CAN ANTH 351 - Introduction to Archeology and World Prehistory

Course Outcomes:

* archeology theories - Explain the archaeological theories, such as the concept of provenience, used to investigate archaeological sites.

(Created By CAN Dept - Anthropology)

* excavation method - Describe appropriate archaeological methods of excavation that are used to investigate archaeological sites.
(Created By CAN Dept - Anthropology)

* site formation - Explain archaeological theories that deal with site formation processes. (Created By CAN Dept - Anthropology)

CAN ANTH 352 - Field Experience in Achaeology

Course Outcomes:

* importance of context - Explain why context is important.

(Created By CAN Dept - Anthropology)

CAN ANTH 380 - Preparation for Travel Study in Anthropology

Course Outcomes:

* cultural history - Understand a basic history of the culture discussed.
(Created By CAN Dept - Anthropology)

* location destination - Be able to identify where the culture is found on a map. (Created By CAN Dept - Anthropology)

CAN ANTH 381 - Travel Study in ANthropology

Course Outcomes:

* ethnocentrism - Identify how their ethnocentrism is challenged.
(Created By CAN Dept - Anthropology)

CAN ANTH 670 - Cooperative Educ./Work Exp.

Course Outcomes:

* anthropology skills - Demonstrate a skill that an Anthropologist would use in their work.
(Created By CAN Dept - Anthropology)
