FOOD SAMPLING BOOTHS

Vendors who provide samples of any food items (i.e. jelly, honey, salsa, olive oil, olives etc) must meet all temporary food event requirements listed in this document, including the following:

No public self-service or direct hand contact of food is allowed.

Individually wrapped or pre-portioned servings of food items are required.

Food samples must be kept behind counter area or protected by ‘sneeze’ guard.

See sample set up – ‘sneeze’ guard - barrier

Temporary hand wash facility must be located in booths that prepare and/or dispense open food items

See sample

A method of sanitizing utensils must be available in the booth..

Food Sampling Booths

Vendors who provide samples of any food item (i.e. jelly, honey, salsa, olive oil, etc.) must meet all temporary food event requirements listed in this document, including the following:

- No public self-service or direct hand contact of food is allowed.
- Individually wrapped or pre-portioned servings of food items are required.
- Food samples must be kept behind counter area or protected by sneeze guard.
