

Cañada College Summer Math Jam 2009

June 8 – June 19, 2009

May 26, 2009

Dear Cañada College Student,

Congratulations! You have been selected to participate in the two-week Summer Math Jam at Cañada College from June 8th to June 19th. The program is funded by a grant from the US Department of Education, and its goal is to help students complete their degree and/or transfer requirements for a 4-year college or university in less time than previously possible. It is designed especially for students who placed into a math course below pre-calculus, and who want to advance to the next math level by scoring higher on the Math Placement Test at the end of Math Jam.

Activities will start with a welcome and introduction of all Math Jam staff and participants at 9:00 a.m. on Monday, June 8th. Please plan to arrive on time at the Cañada Learning Center main entrance on the second floor of Building 9. Plan to be on campus from 9 a.m. to 2:30 p.m. each day of the program. Lunch and all Math Jam study materials and supplies will be provided.

Enclosed, please find a copy of the Math Jam student contract. Please bring a completed and signed copy of the contract on the first day of the program.

In order to better plan program activities, we are requesting that you contact us to confirm the receipt of this invitation letter as soon as possible but **no later than 4 p.m., Monday, June 1st**. You may call 650-306-3346, or send an email to learym@smccd.edu to let us know **whether or not you will be able to participate**.

We are looking forward to meeting you and making this program successful in strengthening your math skills, helping you place into a higher math course, and enhancing your academic experience at Cañada College.

Sincerely,

Amelito G. Enriquez
Professor and Math Jam Coordinator
