

Student Success Learning Communities

In Learning Communities students take two or more classes together; the classes themselves are linked with related assignments; and the teachers organize around common themes or questions and work closely with all students.

*Students must enroll in all of the linked courses in a particular Learning Community. When registering, please remember to enter CRNs for **ALL COURSES** in your Learning Community at the same time.*

*Students who take Learning Communities are more likely to do well in **ALL** their courses.*

Select your learning community based on your placement test score in consultation with your counselor.

See www.canadacollege.edu/success/learning-communities.html for more information.
