Inspiring Resilience

Rooted in Diversity

* First generation means neither parent has a bachelor's degree from a U.S. college or university.

“TRiO-SSS provides connections, social networks, and resources that help us towards academic and personal success.”

-Sagar Singh, TRiO Participant

Who We Are

TRiO Student Support Services (SSS) is one of the eight Federal TRiO programs designed to provide academic, social and personal support for students, to assist them in navigating the community college system, and to motivate them towards a successful completion of their Associate’s Degree and transfer requirements.

Program Benefits

Our program offers assistance in study skills, tutoring services, academic counseling, mentorship, career guidance, enrichment workshops, transfer tours, assistance in securing admission and financial aid, and the overall support of the entire staff.

Leadership within TRiO-SSS

TRiO Student Advisory Council (TSAC) is a student-led, registered club within our program for those students who aim to build a cohesive and supportive community. Some of the activities include community service, leadership development, event-planning, team-building, and mutual academic and social support.

“TRiO-SSS is like family to me. I get to meet new people, participate in fun workshops, and visit four-year universities. TRiO has helped me to see the variety in academic choices, it motivates me to transfer, and I appreciate the academic counseling and support that the program provides for me and our TRiO community.”

-Brianna Ramirez, TRiO Participant
