

ASGC 11/12/15 Meeting
Curriculum Committee Report

1. The last meeting of this academic year at which the Curriculum Committee will review changes that impact the Fall 2016 Schedule of Classes is the January 22, 2016 meeting. The deadline for initial submission of proposals for this meeting is December 18, 2015.
2. According to the Curriculum Update Schedule, 201 courses are scheduled to be reviewed/updated during the 2015-2015 academic year. As of the writing of this report, 46 have been completed review/update (i.e. they have made it through the Curriculum Approval Process), 14 are in the Curriculum Approval Process queue and 141 have not yet been submitted to the Curriculum Approval Process queue. Please see the attached spreadsheet for details. Please note that this accounts only for courses within departments/programs scheduled for full curriculum review this academic year. This does not account for “out of sync” courses (courses that are out of sync with a department/program’s 5- or 2-year cycle that must be updated this year, even though the affected department/program is not scheduled for full curriculum review).

Members of the Curriculum Committee have expressed concern at the high volume of courses still to be reviewed this year, and at how this may negatively impact the Committee’s ability to effectively review proposals.
