

Giving California insights into student success and achievement

DataVista is the metrics platform for information on California Community Colleges and Adult Education student success. DataVista is designed to inspire a greater understanding of student achievement, build understanding about student outcomes and provide information to support evidence-based decision making at schools, colleges and within the state.

Reports and Insights

View highlights and trends for a specific program.

This data view allows access to reports and supporting resources for specific statewide programs or initiatives.

Metric Themes

View a selection of metrics organized by specific student experience.

This data view allows access to groups of metrics based on the segment of a student's academic experience including progress, success, employment and earnings.

Single Metric

View a detailed and customizable report on a specific metric.

This data view allows access to a single metric at a time with additional functionalities such as a comparison view, top five and additional customization of visuals displayed.
