# DTLC Distance Education Guidance and Explainer Documents

## Overview

Much of the work of the DTLC is to collaborate across the district and across disciplines on all topics dealing with teaching and learning. One of our primary collaborators is the District Distance Education Advisory Committee (D-DEAC).

The guidance and explainer documents that are posted here have gone through this collaborative process with D-DEAC and our local campus experts. They are tied directly to the memos that the State Chancellor's Office (CCCCO) produces on any of these topics, as well as incorporate best practices from around the state and beyond.
