## Faculty Coordinator List

### Process for Renewal and New Reassigned Time Positions

To renew or revise an existing position, or to create a new reassigned time position, see the [IPC Reassignment Forms](#). In general, position requests (new, revisions, renewals) are done during the fall semester, and position descriptions, announcements, and appointments occur during the spring semester.

More information can be found on the [IPC Reassignment Process page](#).

### Process for Selection of Faculty Coordinators for Departments/Programs

For Department/Program Coordinators, the department/program will recommend a faculty member to serve to their Dean. The Dean will forward the faculty member to the VPI who will make the final decision.

The process for selection of faculty coordinators is described in the [IPC Reassigned Time Process](#).

### Process for Selection of Faculty Coordinators for Campus-Wide Positions

Upon establishing a new coordinator position, or when the term of a given coordinator position has ended, the Academic Senate and Vice President of Instruction will jointly advertise the position to all faculty. Applications are collected by the Office of Instruction. A screening committee, whose majority consists of faculty, will be formed to evaluate the candidates. The committee will make recommendations to the Vice President of Instruction who makes the final appointment in consultation with the Academic Senate.

The process for selection of faculty coordinators is described in the [Participatory Governance Manual](#).
