Just works.

Neat Board responds to your presence and automatically wakes up the moment you walk into the room. With just one tap, you can wirelessly share your screen, start a meeting or mark something up. The large multi-touch screen is perfect for taking notes, organizing thoughts and providing quick visual feedback, whether people are right there in the room or on video.

No idea left behind.

With our partners at Zoom, we're enhancing the whiteboard experience with simple powerful tools that match the way you work. The infinite canvas will provide your team with the space you need to brainstorm, organize and restructure - even when physically apart. Share the output and continue where you left off in the next meeting.

It’s the total package
Neat Board transforms your meeting room experience by packing powerful technology and all the capabilities of Zoom or Microsoft Teams into an elegant all-in-one design. Just plug in the power cable and you’re ready to go.
A brighter board.
The immersive 4K 65" LED screen with wide-angle viewing and stunning brightness enables everyone in the room to read presentation details and see facial expressions.

And with Neat Board's integrated capacitive multi-touch display, brainstorming and quick visual feedback are just a tap away.
No need for a dedicated PC.
