Reassigned Time Process

The goal of the Reassigned time Process is to ensure that decision-making procedures are as collaborative, fair, timely, and transparent as possible. The principles and processes are outlined below. In general, in Fall semesters, positions are established; in Spring semesters, positions are filled. (For example: Fall 2024 position request, Spring 2025 faculty appointment, and Fall 2025 position starts.)

7. By **Monday, December 8th**, the VPI and Vice Presidents will review budget and provide feedback on new, non-grant funded, reassigned time position applications.
