Pulling Assessment Reports

To begin, you’ll need to know how your department assesses their PLOs. You may assess PLOs as an individual department, or you may assess PLOs collaboratively with a program consisting of multiple departments. Student Services programs assess SAOs, which are similar to how PLOs are assessed by departments.

1. Select the department you would like to work in from the drop down menu at the top. If you don’t see the department or program that you need access to, please contact Allison Hughes.

2. On the left side, click on ‘Reports’ and then click on ‘Standard Reports’.

3. For departments, Under Course Reports, click on ‘Assessment: Course Four Column’ and for Student Services, click on ‘Assessment: SLO Four Column’ under SLO Reports. This report will show you the SLOs, Assessment Methods, Results and Actions for all of the SLOs in the courses included in the report.
