**2. Update on Paralegal Program a. Paralegal Program 2-Year Calendar**

**b. Litigation Certificate**

**c.** Reduce the number of units for the Paralegal Certificate from 27 to 24. 24 units is the number of units required in the California B&P Code.

California Profession Code Law requires a program with 24 units to earn a certificate.

Our program has 27 units.

We are concerned students might skip their last additional class.

General consensus is that students may not even realize or be frustrated by the extra class.

It's not a huge effort to remove the additional units – more of a challenge to ADD them at any point.

The program is accredited, but not ABA approved.

If other programs are offering 24 units and are ABA approved (such as Skyline), it might lead potential students away from us. Almo offered an example of this happening.

Potential students may not know that ABA approval is not necessarily impactful on future careers.

Vote:

**Richard Schulke:** Yes

**Alexander Lubarsky:** Yes

**Deborah Kemper:** Yes

**Angelica Ayar:** Yes

**Alma Robles:** Yes

#### d. Paralegal Certificate Changes: Remove CBOT 435 - Spreadsheets

This is a potential class to remove if we are looking at reducing the program to 24 units.

However, without technology training, our students are at a significant disadvantage. They will need to be literate in several pieces of software applications and hardware platforms.

Here is a current summary:

 **Paralegal Certificate of Achievement**

**Career Opportunities**

Students who complete this Paralegal Certificate are entitled to be called paralegals under California law. This Certificate prepares students to be paralegals, as well as students who are applying for law school or foreign attorneys preparing for a Master of Laws (LLM) degree program. This Certificate prepares students for the legal and business fields, including law firms, corporate legal departments, corporations, federal and state courts, and research firms. According to the Bureau of Labor Statistics, between 2016 and 2026, there is an 18% projected increase in paralegal and legal assistant jobs in the Bay Area. Certificate holders are prepared for positions including but not limited to paralegals, legal assistants, legal secretaries, legal clerks, title officers, and notaries.

**Program Learning Outcomes**

Students completing this program will be able to:

- ☒ Use effectively both book and electronic legal research tools, and to identify and use primary and secondary law sources.
- ☒ Use California superior court judicial council forms, and at least one software program containing such forms.
- ☒ Understand, follow and apply ethical rules for attorneys and paralegals and to identify potential ethical issues in the legal environment.

Paralegals will be expected to understand technology and have received

Alex mentions NSLT, a resource that helps students who may be struggling with software or hardware related to being a Paralegal.: <https://legaltechsociety.wildapricot.org/Student>

Skyline is currently using it for their students here: <https://tinyurl.com/59yrhw52>

Students will have access even after their courses are over.

It can be a challenge to get funding to buy software to GIVE to students.

- etc...

See Paralegal Two Year Course Schedule Calendar 2023 here:

Perhaps we can consider meeting in which students are required to attend and participate.
