

Dear Class of 2022 Graduate,

Congratulations on your achievement! As an alumnus, you are joining an impressive group of people who got their start here. Your connection to Cañada College does not end after graduation. It evolves.

By joining the SMCCCD Alumni Association, you will receive invitations to special events, and qualify for discounts on goods and services. Alumni enjoy many other benefits including the continued use of the college's library and Career Services. You'll find a comprehensive list of benefits, services, and available discounts on car rentals, hotels, insurance, and more on the [Alumni Association Website](#). The best part is that membership is free.

The alumni that preceded you and your fellow graduates, leveraged their education, resources, and connections, to open doors for today's students. It is now within your power to open the doors of opportunity for those who come after you. There are many ways alumni choose to give back to Cañada College, including sharing internships and job opportunities, submitting employer matching grants when making donations, crowdfunding for student scholarships, and selecting 'SMCC Foundation' as the non-profit beneficiary when shopping or surfing on Websites like *Amazon Smile* and *Give with Microsoft Bing*. We hope you will consider doing the same.

My colleagues and I at the Foundation, wish you great success as you move on to the next chapter in your life. Alumni who complete their Alumni Association profile and opt-in for communications, will receive these fun socks as our gift for doing so. Learn more at [foundation.smccd.edu/alumni](http://foundation.smccd.edu/alumni).

Congratulations again and I'm hoping we stay in touch!

Sincerely,

Melissa Rohlfs

Alumni Association & Development Manager
