

## **Meeting with Upward Bound Staff**

**March 13, 2014**

### **Meeting Notes**

We discussed the Silicon Valley Community Foundation online fundraising event called SV Gives, which Cañada is not participating in this year, but which may be a good fundraising event for Upward Bound in future years.

We listed the projects Upward Bound needs funding for, including:

- Financial literacy programs
- Field trips to colleges
- Field trips to cultural events
- SAT prep courses
- School supplies
- Van costs

Lucy promised to send Lina and Maria information about the Bank of the West charitable investment program. They fund financial education and literacy programs up to \$5K. Lina also suggested I research the Starbucks Foundation Youth Leadership Grants. Applications for those grants occur between mid-November and mid-December each year. Lina wants to apply for one of those grants next year.
