6 New Business

6.1 SLO update: Ray Lapuz reported on his SLO work. He mentioned that he has expanded the scope of the work to include ongoing assessment so that now it is called Student Learning Outcomes and Assessment Cycle (SLOAC). This is in line with the general movement in the State. Ray presented a draft of a policy on the development of SLO’s. He will work on customizing the policy for Cañada, and he will then return it to Senate in the fall for consideration. Ray is proposing an SLOAC workshop during the fall Flex days (August 16th) for faculty interested in continuing work on their SLO’s. There will also be a district wide presentation about SLOAC on September 23rd.

6.2 Program Review Update: Presentations at curriculum committee were thought provoking and represented a great deal of work by faculty involved. Each program gave twenty-minute presentations. It seems like the process was made more difficult by some technical difficulties with the on-line forms, but Marilyn has offered to clean them up over the summer so that it will be easier next year. There meeting planned for May 16 at which all faculty who participated will be invited to discuss the process and make recommendations for improvement.

6.3 Student Records and Expulsion Policy. Patty made a motion to pass policies 7.28 & 7.72, Paul seconded. The motion passed unanimously.

6.4 SMCCCD Bond Ballot Initiative Proposal: The District is considering moving forward for a new bond measure. Patty raised questions about faculty input with respect to the discussion around new buildings of which three have been proposed; a facility maintenance center, a University Center, and a Nursing Vocational Center. It would seem that there are faculty hiring and program development and review issues involved in building more space for these specific programs. Additionally, we do not have a clear understanding of what we will be doing with the space in buildings 5 & 6 when the library, learning center is opened. She reported that the timing is difficult for faculty because we are just receiving the info now, and the District wants confirmation by September leaving us only the summer for discussion. She also mentioned that there is
