<td></td>
<td>Margie Carrington was unanimously named College Council Co-Chair.</td>
<td>Dianne Eyer</td>
</tr>
<tr>
<td>II. Role &amp; Expectation of College Council</td>
<td>Informed College Council members that College Council is an advisory group to the College President. Its members represent every part of the College with representation from Administration and Senates (Academic, Classified, and Student). Their primary role is to advise the College President on matters pertaining to budgeting, planning, program review, and governance issues. Members were asked to review the College Council Handbook &amp; Bylaws, bi-monthly agendas and minutes, keep records, and move the group as consensus. President Mohr added that important major decisions are talked about at College Council.</td>
<td>Dianne Eyer</td>

### III. Report from Budget & Planning Committee

Last meeting was held on August 18\textsuperscript{th}. Items discussed:

- Budget & Planning Committee be seen as a Planning & Budget Committee, a formal body with regular meetings and minutes.
- Justification presented for EOPS Director - committee advised to move forward in hiring an EOPS Director for one year.
- Reminder on announcement for Dean University Center & Academic Support Services
- Clear processes asked for Administrative & Classified positions.
- Discussed Cañada’s Strategic Plan and given Strategic Plan “The Planning Discipline” by William Cook to review.

Motion made and seconded to move forward with EOPS Director for one year.

### IV. Accreditation

Reported that we will be having a Site visit in Fall 2007. Accreditation is evidence that we are doing work well. Marilyn McBride is the Administrative Co-Chair and Alicia Aguirre is the Faculty Co-Chair. The timeline was reviewed and noted that an Accreditation Steering Committee will have to be formed soon. Ray Lapuz - SLO Coordinator, Bart Scott – Researcher, staff and the deans will be assisting in attaining the evidence needed to confirm work done.

The four standards that need to be addressed are:

I. Institutional Mission & Effectiveness
II. Student Learning Programs & Services
III. Resources
IV. Leadership & Governance

Six Themes that need to be addressed are:

1. Institutional Commitments
2. Evaluation, Planning & Improvement
3. Student Learning Outcomes
4. Organization
5. Dialogue
6. Institutional Integrity

A group training will occur on 9/30 at CSM for all three Colleges which will give us a better understanding of what the commission is expecting. It is our hope to have someone from the Accrediting Commission come to Cañada and speak to our campus as a whole possibly at an All College Meeting.

### V. Enrollment

Reported that our District Office has asked all three College to increase their enrollment by 4.5% over a two year period.
### VI. College Wide Planning

The District Office has earmarked $1.5 million to be distributed District-wide to help fund enrollment growth initiatives at the three colleges. Each College will need to submit a plan for enrollment growth. Discussion ensued on ways to increase enrollment – items mentioned:

- Increase the schedule/Deans could identify new programs that are not too costly
- Hands on skill courses
- Biotechnology Technician/Dialysis Technician
- Outreach – identify staff to get out into the high schools/junior highs – teachers/parents, College Night, teacher focus groups
- Increase concurrent enrollment
- Retention – early intervention, support students, connect with services/counselors/Psych services
- Adding classes that will enroll students
- Childcare/affordable housing
- Talk to non-energy/non engaged students
- Incentives

Handed out and reviewed the following documents

- Strategic Planning by Dr. William Cook pointing out the key elements in Strategic Planning. Members were encouraged to read this document.
- Data from our 2005 Summer Session. Reported that he has asked the Deans to talk to their Department Heads and ask what type of research data they would find helpful.

### VII. Safety Planning

Reported that our District, Cañada, CSM, and Skyline gave a Safety and Security presentation to our Board of Trustees at their last meeting on September 14. Cañada College has had two emergency table top drills (last one in Spring 2005) conducted by the Emergency Management Consultants using the SEMS (Standardized Emergency Management System). The College needs to conduct two major scenario practices, one during the day and one in the evening, with San Mateo County so that everyone knows what they are suppose to do. This topic will be discussed at an upcoming All College Meeting. President Mohr, Vice President of Instruction Phyllis Lucas-Woods, and Lead Security Pete Katsumis have met with Captain Don O’Keefe to discuss 911 response time and upcoming changes in the system.

---

Thomas Mohr, Interim President
