Where to Access Care

If you experience a sickness or an injury, here are the places you should go to access care. Each option is discussed in detail on the following pages.

- **Campus health center**, for minor illness or injuries
- **Doctor’s office**, for medical concerns and sick visits
- **Urgent care center**, for illness or injuries when the campus health center or your doctor’s office is closed
- **Hospital**, for scheduled surgery or a medical emergency only
What Does “In-Network” Mean and Why Does It Matter?

In-network means providers such as doctors, specialists, and hospitals that accept this insurance plan. Note: Sometimes it is also called “PPO” or “Preferred” network. The network for this plan is First Health Network.

If you use an in-network provider, covered medical services are paid by the insurance company at 100%. If you use an out-of-network provider, meaning a provider who is not in-network, covered medical expenses are paid at 100% of usual and customary charges.

To find an in-network provider:

1. Go to www.firsthealthlbp.com
2. From the “Locate a Provider” screen, select “Start Now.”
3. Select the type of provider, such as physician or Urgent Care.
4. Select Search by ZIP code and enter your ZIP code.
5. Select the distance you are willing to travel to the provider (minimum of five [5] miles).
6. Click “Search Now.”

Always check with the doctor or medical facility directly to confirm that they accept First Health Network before you receive treatment.

It is best to locate an in-network doctor, urgent care center, and emergency room near you before you get sick.

Campus Health Center

For general medical care, please visit the Cañada Health Center. They can treat many conditions or refer you to another doctor or specialist, if necessary.

Getting a Medication

- If your doctor prescribes a medication, you should fill it at an Express Scripts in-network pharmacy, including CVS, Rite Aid, Walgreens, and Walmart. To locate an in-network pharmacy, visit [www.express-scripts.com](http://www.express-scripts.com) or call [800-447-9638](tel:800-447-9638).
- ALWAYS ask for the generic form of the drug, if available; this will decrease the cost.
- If you do not use an in-network pharmacy, you will need to pay in full at the time of pickup and then send a claim for reimbursement.
- Download a prescription claim form at [www.4studenthealth.com/canada](http://www.4studenthealth.com/canada) under Pharmacy in the USE YOUR INSURANCE section.
- Send all receipts with the completed claim form to the address on the form. You will be reimbursed 100% of the usual and customary cost of the drug. Make copies of all receipts for your records before you mail them.

Doctor Visits

When you have a health care need, such as a sickness, injury, or other medical concern, schedule an appointment to see a doctor.

1. Use an in-network doctor whenever possible. Note: You are not required to see in-network doctors; however, if you choose to see a doctor who is not an in-network provider, you will have to pay for expenses in excess of usual and customary charges.
2. Phone the doctor’s office to make an appointment. Tell them you have First Health Network insurance.
3. Arrive 15 minutes early for your appointment.
4. Bring your insurance ID card with you.

Every visit to a health care professional, whether at the campus health center, doctor’s office, emergency room, urgent care center, etc., is treated confidentially. NO information will be released without your express written consent.
Urgent Care

Do not go to the hospital for minor illnesses or injuries! If you need to see a doctor immediately and cannot wait for a scheduled appointment, please go to an urgent care center. Hospital emergency rooms typically charge 2-3 times more than a doctor’s office or urgent care center. Use an urgent care center instead of an emergency room to save time and money.

Here are some in-network urgent care centers close to campus:

- **US HealthWorks Medical Group PC**
  125 Shoreway Road, Suite A
  San Carlos, CA 94070-2718
  (650) 556-9420

- **US HealthWorks Medical Group PC**

Hospital Emergency Room

In the case of a life-threatening emergency, call 911 for an ambulance or go to the nearest hospital emergency room (ER).

Examples of life-threatening emergencies:

- Car accident
- Severe pain or excessive bleeding (especially from the head)
- Heart attack
- Higher fever or rash after surgery
- Broken bones
- Coughing up blood
- Signs of miscarriage

These are only a few examples of emergency medical conditions. These examples do not constitute medical advice. Please contact a medical professional if you have questions about any medical condition.
Claims

After your visit, an in-network doctor or provider will send a bill to the claims administrator, Relation Insurance Services. You will also need to submit a claim form to the claims administrator. Claim forms are available at [www.4studenthealth.com/canada](http://www.4studenthealth.com/canada) under Claims in the USE YOUR INSURANCE section. A separate claim form is needed for each accident or sickness.

If the medical provider does not file a claim directly with the claim administrator on your behalf, you will need to submit a claim for reimbursement. Follow these steps:

- Download a claim form and fill it out completely.
- Include your policy number (as shown on your ID card) on the claim form.
- Attach itemized bills for X-rays, laboratory charges, etc.
- Send your claim form and all bills pertaining to this claim to Relation Insurance Services at the address below. Try to have all itemized bills attached to the same claim form.

The address and fax number to submit claims information are as follows:

Relation Insurance Services  
P.O. Box 25936  
Overland Park, KS 66225  
Fax: (913) 327-7520
