Final Questions

How would your program be impacted if this position is not funded? *

The DE Coordinator position supports our program in multiple areas, in collaboration with Cañada's Online Teaching & Learning (OTL) Team, and participatory governance bodies. In its absence, the following work would not be completed:

--DE Addenda Review in collaboration with the curriculum committee. This process ensures that all courses offered in any DE modality align with the current policy requirements, with emphasis on RSI (Regular and Substantive Interaction) and accessibility.

--Management of DE Training that is required/recommended for all faculty teaching online. QOTL (or equivalent) training ensures proficiency in both online pedagogy and course design, both critical for student success. DE coordinator closely oversees all aspects of the training process and its associated faculty database.

--Ensuring quality and accessibility of DE courses as their number continues to increase and greatly exceeds the 50% mark of all courses offered. Specifically, Cañada Local POCR process depends primarily on this position.

--Inclusion of Cañada courses into the CVC Course Exchange, with the final goal of becoming a Home & Teaching College, making our courses available for enrollment to any student in California.

This position is an important part of Cañada Online Teaching & Learning (OTL) Team. The growing team is better equipped to support an increasing faculty demand for DE-related expertise and assistance. Not funding this position would go against these efforts that directly support Cañada DE faculty and promote student success.

Anything else you would like us to know? For example, awards, recognition from the community, student highlights, etc.

During the academic year F22/S23, the DE Coordinator position was instrumental at completing Cañada Local POCR (Peer Online Course Review) process and receiving accompanying certification from the CVC. Its major benefit is an internal, in-depth, state-approved online course review process that increases quality, accessibility and equity, making our courses competitive candidates for statewide enrollment.
