Position Responsibilities/Duties

Instructions for Position Duties List

1. Write the position duties in a bulleted list. To do this in this form, use dashes as bullets, and hit enter to space each list item.
2. Next to each duty or responsibility include an amount of reassignment time that will be used for that item. This can be done based on weekly hours, semester hours, or a percentage of total time.

Background Considerations and Resources

A) Please refer to the list of [Appendix D duties](#).

- **Ensure that the duties of this position do not overlap with any Appendix D duties.**
- *In order for a duty to involve reassignment, it cannot be part of a faculty member's primary assignment/duties.*

B) If you're submitting a RENEWAL application, please note that you can reference past applications from the [IPC reassignment position archive](#) for your position and copy and paste that duties list to revise here.

- If copying an old duties list, please compare the position duties list to the [Appendix D duties](#) in order to ensure that no previously listed reassignment duties have not become primary assignment Appendix D duties.

C) The **most common issues with submitted duties list** is including a task that is covered in Appendix D. Here are some specific example issues:

- Assessing or submitting Student Learning Outcomes is an Appendix D duty and so it cannot be a reassigned duty. SLO assessment falls under Appendix D: "evaluate, update, and revise existing courses and programs; develop new courses as needed."
- Writing, revising, and submitting curriculum is an Appendix D duty and so it cannot be a reassigned duty. Appendix D: "develop instructional materials, course outlines, and curriculum guides."
- Performing faculty evaluations is an Appendix D duty and so it cannot be a reassigned duty. Appendix D: "participate as a peer in the academic employee staff development and evaluation programs."
- If you mention **SLO assessment, curriculum, or evaluations**, be clear that **the reassigned duty is additional to and distinct from the Appendix D duty**. For example, if the position coordinates/organizes such efforts across multiple people instead of the performance of the Appendix D duty.

Final Questions

How would your program be impacted if this position is not funded? *

All of the disciplines within the Social Sciences are either 1 or 2 full-time faculty departments. All of the departmental responsibilities and workload fall on these extremely small departments. The coordinator position supports the faculty and students within the Social Sciences and further provides opportunities to enrich the college experience of all students at the college and campus at large. If the position was not continued it would be in direct opposition to needs expressed in the program review narratives of six disciplines and would directly negatively impact all of the Social Sciences faculty and students. Given our departmental responsibility and workload and small departments, we would no longer be able to offer additional enriching experiences such as Social Science events and speakers, we would be unable to collaborate on addressing equity gaps, program assessment, addressing issues of enrollment, along with many other areas outside of basic duties and responsibilities of instructors as outlined in our contract. As is repeatedly mentioned in many of the program reviews in the Social Sciences it is already difficult to meet our basic duties with such small departments and without the coordinator role that would be made even more difficult as our faculty strive not just to meet the minimum requirements but provide an academic environment that allows our students to thrive.

Anything else you would like us to know? For example, awards, recognition from the community, student highlights, etc.
