## What is Juneteenth?

On June 19, 1865, about two months after the Confederate general Robert E. Lee surrendered at Appomattox, Va., Gordon Granger, a Union general, arrived in Galveston, Texas, to inform enslaved African-Americans of their freedom and that the Civil War had ended. General Granger's announcement put into effect the Emancipation Proclamation, which had been issued more than two and a half years earlier on Jan. 1, 1863, by President Abraham Lincoln. ## **Streaming Movie**

In **Miss Juneteenth**, a former beauty queen and single mom prepares her rebellious teenage daughter for the "Miss Juneteenth" pageant. Miss Juneteenth is a soulful journey of a determined woman who takes on the burden of representing history, and generations of black women, while standing tall despite her own shortcomings as she marches, step by step, toward self-realization.

## **Juneteenth in San Francisco from 1945 to Today**

Juneteenth has been celebrated in the Fillmore District from 1945 to today. Though the holiday started in Texas it was brought to the SF Fillmore District in 1945 by a Texan migrant, Wesley Johnson.

**Stonewall Uprising** explores the dramatic events that launched a worldwide civil rights movement. When police raided the Stonewall Inn, on June 28, 1969, gay men and women did something they had not done before—they fought back. The collective anger announced that the gay rights movement had arrived.

**Just Gender** challenges the viewer to question their notions of what it means to be male or female. By taking us on a journey through the eyes that see the world differently, it explores the diversity that exists within the transgender community, as well as the depth of the transgender experience in day-to-day living.

**Moonlight** is a moving and transcendent look at three defining chapters in the life of Chiron, a young man growing up in Miami. His epic journey to adulthood, as a shy outsider dealing with difficult circumstances, is guided by support, empathy and love from the most unexpected places.

in **Peyote**, Pablo, a shy teenager, meets Marco, who is a few years older than him. Together they go on a impromptu road trip to the Mexican desert, a trip that will make them face what they mean to each other. This experience will turn Pablo's life around: his points of view, his strength and his own sexuality.
