It's not too late, make sure your voice is heard! Fill Out Your Census. We use Census data to decide how our community is represented in state and national government. It's also how we decide how much funding we get in our community for education, housing, health, and transportation. The Census asks for your name but it does NOT ask immigration status. Learn [why it is so important](#), and [fill out your Census online](#).

Please stay safe, stay healthy, stay strong.
