 WORKFORCE DEVELOPMENT - UPDATE

Mission

Cañada College provides our community with a learning-centered environment, ensuring that all students have equitable opportunities to achieve their transfer, career education, and lifelong learning educational goals. The College cultivates in its students the ability to think critically and creatively, communicate effectively, reason quantitatively, and understand and appreciate different points of view within a diverse community.

- Lead Faculty: Dr. Damon de la Cruz

A photograph of a laser experiment setup. The scene is dark, with several bright, narrow laser beams in red, blue, and green. The beams are directed through various optical components, including mirrors, lenses, and a central transparent cube. The beams intersect and reflect, creating a complex pattern of light. The background is mostly black, with some faint, out-of-focus lights and structures visible.

Photonics - Lasers

Photonics

- Certificate of Achievements
 - Photonics and Laser Technology (PALT)
 - Advanced Photonics and Laser Technology
- In process of passing levels

Why Take Courses at the Menlo Park Site?

Canada College at Menlo Park offers low cost certification programs that can be completed in three months or less. If you, or someone you know, are interested in starting a new career or developing a technical skillset, then find out how Cañada College at Menlo Park can help get you started on the right track.

What is Continuing Education?

Continuing education courses are offered to adults in the community by local school boards, colleges and universities. The focus of continuing education is on not-for-credit courses that allow you to develop a specific area of interest to upgrade your skills, resume, or even start a new career. For example, Cañada college's Water, Optician, and Cyber Security program get students prepared to take state exams that will jump start their careers in the field.

Cañada College at Menlo Park

- Water Treatment
- Cybersecurity
- Optician
- 9-month full stack developer course
- Business and Data Analysis
- Unity (Pending Board Approval)
- Cannabis (Pending Board Approval)
