

Program Effectiveness Data

Program Completion Rate: Calculated by the number of students who complete the program within a cohort compared to the number who enrolled in the cohort initially.

$$PCR = \frac{\# \text{ of graduates in cohort}}{\# \text{ of students initially enrolled in cohort} + \# \text{ of re - admits}}$$

ARRT Examination Pass Rate: The number of graduates who pass the American Registry of Radiologic Technologists (ARRT) compared with the number of graduates whose first attempt take the examination within six months of graduation.

Job Placement Rate: The number of graduates employed in the radiologic sciences, within twelve months of graduation, compared to the number of graduates actively seeking employment in the radiologic sciences.

If you have any questions regarding the Program Effectiveness Data, please contact the program director Rafael Rivera at 650-306-3283 or riverar@smccd.edu

Class of:	Completion Rate (%)	ARRT Exam Pass Rate (%)	Job Placement Rate at twelve months (%)
2010	100% (21/20)*	100% (21/21)	82
2011	85.7% (18/21)	100% (18/18)	81
2012	84.2% (16/19)	100% (16/16)	93.7
2013	90% (18/20)	100% (18/18)	87.5
2014	79% (19/15)	100% (15/15)	93.3%
5 Yr Average	87.78%	100%	87.50%

* **2010 Completion Rate.** One student was re-admitted from previous year.

Please Note: Job placement rates from 2010 – 2012 were obtained six months post-graduation.
