Land and Labor Acknowledgement

luke

We acknowledge that Cañada College is situated on the traditional unceded land of the Ramaytush (Rah-my-toosh) Ohlone (Oh-LOW-nee) peoples, and we respect our past elders and honor the present community. Long before Cañada College existed, this area was home to the Ramaytush Ohlone peoples, who still have a presence in the Bay Area today.

We have a responsibility to acknowledge that we as a Cañada community have benefited from the use and occupation of this land and that the tragic legacy of colonization, genocide, capitalism, racism, and oppression still impacts people today.

We also recognize the labor upon which this educational institution, state, and country is built.

We acknowledge the peoples of African ancestry who were enslaved and forcibly brought to this land, and whose forced labor played a major role in the formation of this country. We are indebted to their uncompensated labor and their unwilling sacrifice over hundreds of years—which continues to impact generations today. We honor the legacy of the African diaspora and the continued contribution of their survivors.

We acknowledge the contributions of all immigrant labor, forced labor, and undocumented people who contributed, and continue to contribute, to the building and feeding of this land. We acknowledge their immeasurable sacrifices and work that allow us to gather in this space today.

Let us not forget. Let us honor and engage with the people who have stewarded and labored on this land for generations, and let us honor these truths—by taking responsibility as a college community to continually educate ourselves about these realities, to affirm our commitment to justice through continual action, and to protect and sustain this land.

8. New Business

Introducing Student Senate Initiative - Supporting Disproportionately Impacted students

BSU Nuclei and the Cultural Center came up with a statement to provide a tangible pathway to accountability based on recent ASCC member actions. Overall, this statement is a reparation statement. Moe says that students have been attacked, which was rooted in racial bias and discrimination. They feel there is a lack of cultural awareness in the handling of funds. They demand that this process stop. They want ASCC to commit \$15,000 to justice work this upcoming academic year. \$5000 each for BSU, Nuclei Club, and Cultural Center. BSU, Nuclei, and Cultural have served more students than ASCC and they think it's important for them to get a big piece of the ASCC's budget.
