- Follow up with the UC requirements and the instructions before and after submitting an application

Selective major = programs that require additional/specific admission requirements.

Elective courses = any transferrable course beyond the major and GE requirements that are transferrable to UC

Transfer Admission Planner (TAP) is a tool to use to complete TAG and UC general application. The planner helps students track their progress toward meeting UC's minimum requirements, and allows UC staff to communicate important information to prospective transfer students.

UC transfer Pathway offers a single set of courses you can take that will transfer to **any** of UC's nine undergraduate campuses.

Pathway+ better prepares your for admission. This is where you follow the **UC pathway** and **UC TAG** requirements, (note that only 6 campuses offer TAG).

Intersegmental General Education Transfer Curriculum (IGETC) 2020-2021

The Intersegmental General Education Transfer Curriculum (IGETC) is a general Education pattern that fulfills the lower-division general education requirements for most University of California (UC) and all California State University (CSU) campuses. IGETC is also accepted by some private/independent or out-of-state universities. There are instances when a Cañada course is approved for IGETC but the same course at CSM or Skyline is NOT approved for IGETC (or visa versa). Check with a Counselor for complete information.
