All campuses have established programs for students with Associate Degrees for Transfer from any California Community College to complete their baccalaureate degrees in 2-years. The program is limited to students who are residents of California.

Students who commit to enter either the 4-year or 2-year pledge will be given a priority registration appointment for each state-supported enrollment period and will be provided with routine and thorough academic advisement. In order to remain in the program, students must meet with their advisors as prescribed, develop an enrollment plan, and complete 30 semester units or quarter equivalent within each academic year, including summer.

Additional information regarding the California Promise Program can be found on the calstate.edu site:

Transcript Entry

Initial admission eligibility determination is made based on applicant reported courses and grades. Undergraduate degree applicants are required to enter all college coursework based on transcript information as it appears on the transcript. Transcript entry for foreign institutions is not required, but the college name and date of attendance must be entered under Colleges attended.

Have a copy of your transcript(s) and click on "Start" to begin your Coursework entry.

Review the instructions below very carefully. Failure to follow instructions will delay your admission decision and can ultimately impact your admission decision.

To complete this section accurately:

- Report all courses on your transcripts. Be sure to include courses from which you withdrew, repeated courses, ungraded labs, test credits, gym courses, orientations, or other non-graded courses.
- Use official copies of your transcripts. List your courses under the correct term, year, and class level. Department prefixes and course numbers must precisely match those on your transcripts.
- Enter courses under the institution where you originally took the course, exactly as they appear on the original school's transcript.

After you enter transcript information for all colleges attended, you can review your calculated GPA on the right side. You can recalculate if you add additional courses after the initial calculation.

First-time Freshman Applicants: report all college coursework while enrolled in high school. You must manually match college courses with the appropriate A-G category in the **A-G Matching** section.

Lower-division, Upper-division, and Associate Degree for Transfer Applicants: report all courses completed at all colleges attended.

Returning Applicants: if you are returning to the same CSU that you last attended and have not taken any college courses at another institution, select **I Am Not Adding Any College Transcripts**. If you have taken courses at another institution, enter the coursework for that institution. If you are applying to an additional campus as a new applicant, you must report all courses completed at all colleges attended.

Review the [Transcript Entry Guide](#) and [Applicant Help Center](#) for more information, including details on Repeated Courses, Academic Renewal, and Advanced Placement (AP), CLEP, and International Baccalaureate (IB) tests to satisfy general education requirements.

Second Bachelor Applicants - If you are editing your entries on the Transcript Entry and had previously completed the GPA Entries, you will need to resave your work for the GPA Entries section to be marked complete.

Review the instructions below very carefully. Failure to follow instructions will delay your admission decision and can ultimately impact your admission decision.

To complete this section accurately:

- Report all courses on your transcripts. Be sure to include courses from which you withdrew, repeated courses, ungraded labs, test credits, gym courses, orientations, or other non-graded courses.
- Use official copies of your transcripts. List your courses under the correct term, year, and class level. Department prefixes and course numbers must precisely match those on your transcripts.
- Enter courses under the institution where you originally took the course, exactly as they appear on the original school's transcript.

After you enter transcript information for all colleges attended, you can review your calculated GPA on the right side. You can recalculate if you add additional courses after the initial calculation.

First-time Freshman Applicants: report all college coursework while enrolled in high school. You must manually match college courses with the appropriate A-G category in the **A-G Matching** section.

Lower-division, Upper-division, and Associate Degree for Transfer Applicants: report all courses completed at all colleges attended.

Returning Applicants: if you are returning to the same CSU that you last attended and have not taken any college courses at another institution, select **I Am Not Adding Any College Transcripts**. If you have taken courses at another institution, enter the coursework for that institution. If you are applying to an additional campus as a new applicant, you must report all courses completed at all colleges attended.

Review the [Transcript Entry Guide](#) and [Applicant Help Center](#) for more information, including details on Repeated Courses, Academic Renewal, and Advanced Placement (AP), CLEP, and International Baccalaureate (IB) tests to satisfy general education requirements.

Second Bachelor Applicants - If you are editing your entries on the Transcript Entry and had previously completed the GPA Entries, you will need to resave your work for the GPA Entries section to be marked complete.

As a transfer student, you must complete 4 General Education (GE) courses before transferring to a CSU program.

To qualify for admission as an ADT applicant or Upper-division Transfer, the four GE requirements listed below must be fulfilled with a grade of C- or better. Lower-division Transfer applicants must fulfill Written Communication and Math Concepts/Quantitative Reasoning with a grade of C or better.
